

Define the Problem Statements

Phase	Ideation Phase
Date	3 October 2026
Project Name	Auto Ticket Classification using Flow Designer
Maximum Marks	2 Marks

Customer Problem Statement Template

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A school student or teacher	Access online educational materials and complete daily school tasks over the network	The Wi-Fi drops frequently or fails to connect in classrooms	IT support tickets take too long to be manually categorized and assigned to the network team	Frustrated and delayed in my daily learning and teaching activities
PS-2	A classroom teacher	Deliver lectures and present educational content using audio/video equipment	The classroom projector is not turning on or working properly	IT agents must manually review and route physical equipment support requests	Anxious and unproductive during scheduled class hours
PS-3	A school account user (student or staff)	Log into school portals and administrative software applications	I am locked out due to password issues or forgotten login credentials	Account access requests sit in an unclassified manual IT helpdesk queue	Stressed and blocked from starting work on time
PS-4	A student or faculty member	Perform daily computing and administrative tasks efficiently on	The computer runs extremely slow or hangs continuously	Manual ticket sorting delays response times for workstation	Annoyed and disrupted in my work

		school PCs	during use	performance troubleshooting
